## FOR SALE

**Elite Mini Heli-copter Euro copter AS350B**  
FAA-Certified Advanced ATD system  
\$33,000 or best offer

The new Mini Heli-copter is a compact, fully-featured single turbine helicopter simulator based on the Euro copter AS350B. This system features life size, high resolution instruments, lighted Bendix/King Silver Crown style avionics, Garmin 430 WAAS simulation, instructor station, and external visual system with large screen display as standard equipment. It utilizes an open and optimized structural construction that is strong and rigid, yet thin enough to fit through a standard door opening for easy transport and integration. The high fidelity flight model will allow you to perform many complex maneuvers and procedures, everything from the startup to the shutdown checklists. The Mini Helicopter will enable you to unleash valuable rotary wing training possibilities.

#### Features of the Mini Helicopter:

- Cyclic, Collective, levers for Rotor Brake, Fuel Flow, and Fuel Shutoff
- Anti-torque pedals
- High resolution instrument panel display screen
- Built in pilot seat
- Bendix/King Silver Crown Avionics
- Integrated virtual GNS430 WAAS GPS
- Full autopilot capability with Flight director and navigation coupling to VOR & GPS.
- 55-inch LCD monitor with custom stand
- Graphical Instructor's Station with desk
- Single Chanel Image Generator
- 2 years full warranty

#### Optional enhance-ments available:

- iFunction Tool Bar
- Multiple channel external visual system
